**Request for Clarifications/Substitutions (Must be received by 2:00 pm Central Time, September 17, 2021)**

Project Title: Spec 04-21 IT Hardware building WI-FI Date: 9.17.21

Company Name: Prime Communications Page No: 18

Document Reference (check one):

General Requirements: X

Specifications: \_\_\_\_\_

Section Number: \_\_\_\_\_

Section Title: Rate Proposal Form Item 6

**CONTRACTOR'S REQUEST:**

\_\_\_\_\_

In the RFP they outline the APs support PoE however in the bill of material they request 17 DC converters. We need to get an explanation of how these converters will be used because if the Aps are powered from the switches what function does the converters server.

**METRO RESPONSE:**

DC converters are required for locations that may be outside of allowable PoE distances between AP and data switch. If you are not able to provide a DC power converter, please include PoE injectors to fulfill requirements.

Approved \_\_\_\_\_

Denied \_\_\_\_\_

Metro Comments:

Clarification accepted, no approval/denial required.
