

Route Changes **EFFECTIVE MAY 26TH**

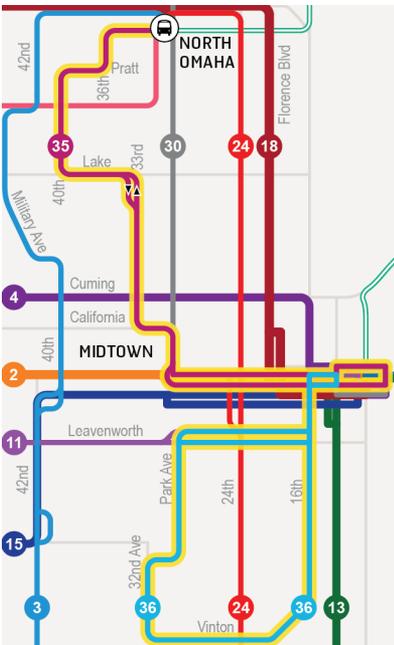

ROUTE 24 FREQUENCY INCREASE

Bus service will be increased to run every 15 minutes on Route 24 between 7 a.m. and 5:30 p.m. on weekdays. The additional buses will better serve the growing number of riders on 24th Street while improving reliability.

ROUTES 35 AND 36 RESTRUCTURE

Routes 35 and 36 will be restructured to provide a new north/south connection, which will reduce route overlap and provide more direct connections for riders with destinations outside of downtown. Both routes will continue to operate every 30 minutes on weekdays, with 60-minute service on evenings and weekends.

Route Changes **EFFECTIVE MAY 26TH**

NIGHT SERVICE REDUCTION

All routes with late-night service will be reduced by about one hour on weekdays, Saturdays, and Sundays. Ridership reports indicate buses serve fewer than three riders on average during the last hour of the night, and these resources can serve more people at other times of the day. The chart below compares the latest stop on each route before and after the changes. Times shown in grey italics do not change.
